

## Acknowledgements

I would like to thank the Institute of English Studies, University of Warsaw, for providing funds necessary to organize the Relevance Round Table conferences and for making this publication possible. Let me also express my appreciation to the participants of these conferences, some of whom are at the same time contributors to this volume, for their inspiring papers and discussions held at the conferences.

I would also like to express my gratitude to the book's two reviewers, Prof. Ewa Willim and Dr Iwona Witczak-Plisiecka. Their insightful comments helped to improve the quality of the publication by raising a number of important points.

I owe very special thanks to Daniel J. Sax for his enormous help with copy-editing the book and for giving me valuable advice whenever I sought it.

My words of thanks are also due to Wydawnictwa Uniwersytetu Warszawskiego, especially Ewa Wyszyńska for being so very helpful with all the issues concerning the publication of this book.
