

Acknowledgments

Without the support of various people and institutions this book could not have happened. We are grateful to the Polish Ministry of Science, which supported our work with a three-year grant from the National Program for the Development of Humanities [*Narodowy Program Rozwoju Humanistyki*, NPRH]; and to the Institute of Applied Social Sciences at the University of Warsaw, which hosted us during this period. We are particularly grateful to Professor Timothy Snyder, who found time to write a special introduction to this volume. We would also like to thank Klaus Nellen from the Institute for Human Sciences in Vienna, who helped to shepherd this book through its final stages, as well as Jonathan Weber and Michelle Granas who prepared the translations. A special thank you goes to Alan Lockwood, who did the proofreading and contributed helpful comments.
